**What is the difference between gay women and lesbian women**

October 18th, 2017 - Gay still means "happy" in the older novels and dictionary's and it is still a name that was given to a great deal of females one of whom happens to be a cousin of mine and I know another one who is much older than me neither of whom are homosexual and I know that the latter is not at all

**Are there any research into the gender difference**

April 12th, 2015 - There has been research into things like brain or genetic differences between gay men and straight men and between lesbians and straight women Some other research has been done on habits preferences etc
